

From the Clubs

Warm greetings from all of us at the school clubs! We are delighted to share the latest updates and activities with you. Your continued support and involvement have been instrumental in making our clubs a thriving part of the school community. Together, we're nurturing creativity, teamwork, and lifelong friendships for our students. Thank you for being an integral part of this journey.

A Flourishing Start - Inauguration of multiple clubs at our school

A wave of excitement swept through our School on the 29th of June, as several clubs were officially inaugurated, marking a significant expansion of extracurricular opportunities for students. Led by enthusiastic faculty and supported by eager participants, the ceremonies showcased the diverse interests and passions within the student body. Among the highlights was the Literary Club, where Mrs. Mariammal Asst. Professor at NGMC emphasized the importance of cultivating a love for literature and creative expression. The Club President Alagu Sudhan highlighted the club's mission to foster creativity and appreciation for literature through book discussions, writing workshops, and literary quizzes. With plans already in motion, The English Literary Club promises to be a hub of literary exploration and creativity for the school community. Meanwhile, the Science Club was inaugurated by Dr. Kalaivaani Senior Asst. Surgeon, ESI Dispensary. The club is embarking on a journey of scientific exploration with plans for experiments and guest lectures. The Environmental Club, inaugurated by Dr. E. Vijayagowri, Professor at Vaanavaraayar Institute of Agriculture, is launching initiatives aimed at promoting sustainability and raising environmental awareness. Additionally, the Fine arts Club was inaugurated by Mr. Arun P, Senior Associative at TNQ Company and Mr Rahul R, Dance master & Choreographer. They ignited lively discussions on current affairs and critical thinking. Each inauguration featured inspiring speeches, collaborative brainstorming sessions, and the Inauguration of club officers, reflecting a vibrant start to a year filled with learning, discovery, and community engagement at our school.

Club Events:

Astronomy Club – Parade of Planets

A rare astronomical event occurred on June 3rd, where Mercury, Mars, Jupiter, Saturn, Uranus and Neptune aligned in a straight line, creating a spectacular “Parade of Planets”. Many students along with their parents joined us at our school Observatory to view the special event through telescope.

English Literature Club

Our English club organized a variety of engaging activities that propelled students' talents to new heights. From creative word games to lively debates and JAM, each event provided a platform for students to showcase their

abilities and foster their skills in English proficiency. These activities not only enriched our learning experience but also strengthened our camaraderie as a club.

Thirst Dayz - Conversation Circle -22-6-2024

Conversation circle activity was a productive and engaging event. Students gathered to discuss various topics, enhancing their communication and listening skills. It encouraged open dialogue and mutual respect, fostering a supportive environment. Participants left with a deeper appreciation for diverse perspectives and strengthened connections

Tuesday Talkathon – JAM -25-6-2024

"Just a Minute" activity was a hit, with students speaking on random topics for one minute each. This exercise sharpened their impromptu speaking skills and boosted confidence. The lively event showcased quick thinking and creativity, with participants gaining valuable experience in public speaking and articulation.

Harmonic Heights of Shaanthyans – Relaunch of School FM -26-6-2024

It's a dynamic blend of information about daily events, specialty of the day, weather report, health tips and other interactions, all tailored to enhance the educational experience with diverse content. The members of Literary clubs host our FM in daily basis and they have also taken up the Newsletter publication.

Spotlight

Each month our students are given theme-based topics for which they create visual representations on a chart and showcase their creativity. They develop the ability to represent information effectively in a clear and concise manner and get a deeper understanding of topics **The Themes of this month were: Tourism, Eco Systems and Habitats**
